

**NEW PRODUCTS**

**Deluxe Electric PowerPump System**

**Powerful and Easy to Use**

Featuring the VT 9000 PowerPump

The VT 9000's powerful and pleasant pulsing vacuum accelerates enlargement. This advanced system includes a sized-to-fit flared expansion cylinder, 15' of tubing, complete instructions and vacuum pumping tips.

Deluxe Electric PowerPump System - \$479

**VacuLube - The Pumpers' Choice**  
Clean, Light and Odorless

This oil-based product remains slick indefinitely while making a perfect vacuum seal. Easy cleanup, just wipe off with a towel. VacuLube is not suitable for use with condoms.

6 oz. jar \$17.95 each

**Quick Release Erection Ring**

Maintain a firm erection and have incredible staying power! Super Stretchable! The loops make it easy to apply and use. Comfortable and completely reusable. **\$8.95 each**

**Super Stretch Silicone Erection Ring**

Will accommodate any size penis and hold it snugly. It prolongs your staying power and gives you a super hard erection.

Special 2 rings for \$6.95

**New Products**

**Two Stage Cylinders For Advanced Pumpers**

Two Stage Cylinders are for the advanced pumper to enlarge both penis and scrotum in the same cylinder. The larger chamber allows for plenty of extra room for expansion. 2 3/4" x 4 1/2" x 9" x 1 1/2"

**Two Stage Cylinder \$169.95**

**Elliptical ThickWall Cylinders**

**NEW! For All Pumpers**

The new Elliptical design combines our ThickWall concept with an oval shape for maximum thickness and length. Fits more naturally.

Sizes up to 2 1/4" x 2 3/4" x 10"

**Elliptical ThickWall Cylinder \$129.95**

**ORDER FORM**

**TO CHOOSE YOUR FLARED CYLINDER SIZE:**

Measure your penis using the instructions below to pick a cylinder size from our conversion chart. With a correct measurement, we will manufacture a cylinder that fits properly and provides maximum expansion and comfort. Please measure accurately as cylinders cannot be returned or exchanged for health reasons.

1. Wrap a string around the **ERECT** shaft near the base and mark where the string overlaps itself with a pen.

2. Lay string flat and measure the distance between the two marks with a ruler.

3. Circle your cylinder size on the chart below.

If Your Measurement is:	Circle Your Flared Cylinder Size:
3" to 3 1/4"	1 1/4" x 9"
3 1/2" to 4"	1 1/2" x 9"
4 1/4" to 4 3/4"	1 3/4" x 9"
5" to 5 3/4"	2" x 9" (most popular)
6" to 6 3/4"	2 1/4" x 9"
7" to 7 1/2"	2 1/2" x 9"

If your measurement is not listed here - please contact us
